

## Season's Greetings from A+ Science

*"Let us never negotiate out of fear. But let us never fear to negotiate."*

Another year goes by, with this last newsletter of 2018 we would like to wish all our readers a wonderful Christmas and a holiday season filled with joy and fond memories. We also want to wish everyone a very happy and peaceful 2019.

During this holiday season, A+ Science has chosen to make a charitable donation to the Swedish Childhood Cancer Fund to continue to fight childhood cancer and ensure that affected children and their families receive the care and support they need. With this donation we wish to spread hope for a brighter future.

In Sweden, nearly one child a day is diagnosed with cancer and about 1,000 children and teens are under treatment. Around 80% survive, thanks to major progress in the past 40 years in research, treatment and nursing.
