

A+ Science Newsletter, May 2019

"Good colleagues are those who know that WE is more powerful than ME."

Anonymous

We are very proud to announce that Paula Wennström has joined our company this month as Drug Safety Officer to strengthen the Pharmacovigilance Department. Paula holds Master's degree in Pharmaceutical Bioscience and has several years of experience from pharmaceutical industry within the areas of Pharmacovigilance, Regulatory Affairs and Medical Information.

During the last 5 years, Paula has focused on the field of Drug Safety. She has knowledge in the PV-work both at headquarters level as well as company subsidiaries/country operations.

We are very glad to have Paula as a new team member at A+ Science and look forward to working with her and benefiting from her knowledge and experience.

"I am happy to work with pharmacovigilance and to contribute safer medicines for everyone. I am also very glad that I had the opportunity to become part of A+ science. During my first two weeks at the company, I noticed that A+ Science is a genuine company with a positive atmosphere with lots of gathered knowledge and experience. A big thanks to my new colleagues for the warm welcome I have received," says Paula.

Paula Wennström

Stay tuned for our next newsletter about our new colleague who starts in June.

Do not hesitate to contact us at info@a-plusscience.com to find out about how A+ Science can help you conduct your clinical trial.

A+ Science will be attending several events. If you will be participating and wish to meet us there, please send an email to info@a-plusscience.com
