"Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do."

Steve Jobs

It is almost a year ago when we welcomed two dynamic personalities Agneta Edberg and Meg Tivéus into our company's Board of Directors.

Agneta Edberg has a degree in Health Economics from Stockholm School of Economics as well as Biomedical Education.

Agneta has over 25 years of experience from leading positions in life science companies, among others: J&J, Orion, Pharmacia, Pfizer, Bactiguard, BioResonator, Likvor, Recopharma, Idogen, Probac, Immunicum.

" This year working alongside with the enthusiastic and very dedicated team at A+ Science has been a very exciting experience. I have enjoyed the positive and problem-solving environment with a 100% focus on the customers' need for progress and quality." Says Agneta Edberg.

Meg Tivéus has studied Economics at Stockholm School of Economics as well as Medicine at Karolinska Institute.

Meg has a long background in different operational jobs like Managing Director in companies like, Cloetta, Holmen, Åhlens, Nordiska Kompaniet (NK), The Swedish Post and The National Lottery. She has also worked more than 15 years as a professional Board Member in many different companies.

"It has been a very interesting period this last year with A+ Science. I am impressed by the professional way the management team has tackled the challenges in the market. I think that we are very well suited for handling our customers' needs and our shareholders' demands during 2018." Says Meg Tivéus.
