

A+ Science Newsletter, December 2015

"In this life we cannot do great things. We can only do small things with great love." Mother Teresa

A+ Science, a CRO run by its employees

Our vision is to become the CRO best known for its unique and dedicated personnel with focus on customer satisfaction. To Earn Trust- Make Difference

With this last newsletter of 2015, we would like to wish all our readers a wonderful holiday season and a new prosperous and peaceful year. We will be back in January with some exciting news about our two new colleagues who join our company.

During this holiday season, A+ Science has chosen to make a charitable donation to UNICEF and help children in emergencies. When an emergency strikes, children are especially vulnerable. They are more vulnerable to disease, malnutrition and violence. For children, emergencies represent a massive and abrupt assault on their well-being.

Best wishes for a happy holiday season to all our customers and partners. May 2016 be filled with peace, prosperity and continued collaboration.

We have given a donation to help children in emergencies.

UNICEF is on the ground in emergencies and provide the affected children and their families with water, food, shelter, blankets, clothing, vaccines and healthcare. And they protect children from violence, abuse and exploitation.
