

A+ Science Newsletter, August 2015

"Working hard for something we don't care about is called stress; working hard for something we love is called passion."

Simon Sinek

A+ Science, a CRO run by its employees

Our vision is to become the CRO best known for its unique and dedicated personnel with focus on customer satisfaction. To Earn Trust- Make Difference.

We hope that everyone has had a wonderful summer and is back with tons of energy to enjoy the passionate work.

We are expanding and proud to announce that Torun Tornesel has joined the company as Clinical Research Associate (CRA).

Torun has many years of experience as CRA and within most of the therapeutic areas. She has also worked and covered all steps of clinical trial cycle, from feasibility studies to close-outs, phase I-III. Torun is also a registered nurse in medical intensive care.

Torun Tornesel

"I am grateful to have joined A+ Science and I am looking forward to work with this inspired, dedicated to task and open minded team. After years of being abroad it is a gift to end up in such a company", says Torun Tornesel.

Did you know that A+ Science provides full pharmacovigilance services? We offer pre-and post-marketing services, safety database, 24/7 safety physician, back-up function during holidays, literature search, translation of pharmacovigilance and regulatory documents in Finnish as well as the Scandinavian languages. Eva Stenqvist, Director of Pharmacovigilance Services at A+ Science says, "Our aim is to exceed our customers' needs and expectations". Check our website [here](#) to learn more about our pharmacovigilance services.

A+ Science will be exhibiting during NLSDays in Stockholm 9-10 September, if you will be there, please pass by our stand #A01 to say hello.
