

A+ Science Newsletter, August 2014

"An organization, no matter how well designed, is only as good as the people who live and work in it"

Dee Hock

A+ Science, a CRO run by its employees

It has been a fantastic summer and we hope all our readers have had a wonderful holiday.

Much has happened since our last Newsletter in June. We are expanding and recruiting. We have received an enormous number of applications from individuals who wish to be part of A+ Science, an organization that values the well-being and needs of its personnel.

On behalf of the [Board of Directors](#) we are delighted to announce the appointment of Anna Fröling as CEO of A+ Science AB. Anna has already been the company's CFO since 2012. She brings the expertise to meet this challenge through a proven record of operational leadership, strategy development, customer service and financial management.

A+ Science provides both short and long-term outsourcing solutions. Our goal is to support your team with the appropriate candidates who have the experience and qualifications to empower your clinical, regulatory or pharmacovigilance teams. Do not hesitate to contact us if you currently need to hire Sr. Clinical Trial Assistants, Sr. Regulatory Assistants and Safety Associates.

Will you be attending NLSDays 2014 in Stockholm on 7-9 September?
You can send us a meeting request in order to book a one-to-one meeting.

Meet the new CEO of A+ Science

"It is an honor and a tremendous privilege for me to be part of an organization with such motivated, talented and experienced colleagues. We are a team and work as a team by delivering the best solutions and services to all our customers, we enjoy every minute of it. Our focus is mainly on customer relationship and satisfaction. To earn trust, make difference". Anna Fröling
