

"Alone we can do so little; together we can do so much"
Helen Keller

A⁺ Science, a CRO run by its employees

After our first newsletter of May, we received very encouraging messages and support, many thanks to all of you who believe in us. We are moving forward and see the enthusiasm of every single consultant at A+ Science; it is a good feeling not to hear anyone say, "This is not my responsibility or duty". Everyone assists in every way and shares equal responsibilities, which of course is the key to success.

We would like to wish all our readers a very pleasant summer and we will be back in August with exciting news.

A+ Science will be attending the below events, if you will be participating and wish to meet us there, please send an email to info@a-plusscience.com

NLSDays 2014, 7-9 September, Stockholm Waterfront, Stockholm
Park Annual 2014, 11 September, Sahlgrenska Science Park, Göteborg
BIO-Europe 2014, 3-5 November, Frankfurt, Germany

Glad midsommar!

Meet one of our consultants

Jennifer Heyno, "I enjoy working at A+ Science because of its pleasant working environment. Together we contribute and make a difference; every individual has the same vision and goal in the company, which makes us one of a kind"
